Social Media Management

· Establish and maintain business/user relationships through social media.

Website Design and Development

· Design, develop and maintain websites that suit the client's needs and provide a visual and sometimes interactive presence which well represents the client on the World Wide Web. All underlying code is manually written and standards compliance validated.

Examples:

"*Ms. Kari Beth*" Website for singer/songwriter Kari Beth. <http://mskaribeth.com>

Home and Small Office Technical Support & Consultation

· Assess client's needs, assemble and present cost-effective options, execute solutions, and provide continued support.
